

CERTIFICATE OF COMPLIANCE WITH CONSTRUCTION SAFETY REQUIREMENTS

(See item **B10** of Permit Processing Checklist)

Project Address: _____

Applicant's Name: _____

I certify that for the employment or place of employment noted above, for which a permit is to be issued, **there will be no:**

_____ Construction of trenches or excavations which are five (5) feet in depth or deeper so as to become subject to Cal/OSHA regulations; or

_____ Construction of any building, structure, falsework or scaffolding more than three (3) stories or thirty-six (36) feet in height, so as to become subject to Cal/OSHA regulations; or

_____ Demolition of any building, structure, falsework or scaffolding, or any portion thereof, in excess of thirty-six (36) feet in height, so as to become subject to Cal/OSHA regulations.

I further certify that, if the facts of the foregoing certification change and the employment or place of employment becomes subject to Cal/OSHA regulation, I will forthwith contact the California Division of Industrial Safety and promptly comply with those Cal/OSHA regulations.

Permit Applicant _____ Date _____

NOTICE: If, after making the above certification, this project should become subject to Cal/OSHA regulations and you should fail to comply therewith, the permit referred to above shall be deemed revoked.

The Division of Occupational Safety & Health may be contacted for Cal/OSHA permits and information at (805) 654-4581.
