## Authorization for Use of Restroom Facilities

Mobile Food Facilities (MFFs) shall be operated within 200 feet travel distance of an approved and readily available toilet and hand washing facility to ensure that restroom facilities are available to facility employees whenever the MFF is stopped to conduct business for more than one-hour period (California Health and Safety Code, Section 114315(a)).

The restroom must be one that is inspected by the Environmental Health Division, such as those at a retail food facility (i.e. permitted restaurants or markets). Other approved restroom facilities and hand washing facilities may include commercial facilities that are available for inspection by this Division.

### Facility Owner Acknowledgement:

I, the undersigned owner, operator, or agent, agree to allow the operator and employees of the MFF listed above to use my restroom facilities. The restroom has an operable toilet and hand wash sink equipped with hot and cold running water through a self-mixing faucet and is supplied as needed with soap and singleservice towels in dispensers. The MFF operator and employees will have access to the restroom during the MFF's hours of operation listed above. I understand the MFF employees need to use the restroom facilities to prevent foodborne illness to patrons and will allow the Ventura County Environmental Health Division access for inspection.
