

Non-Coastal Zone Film Permit Type by Number of Days

Timeframe - The number of film days allowed out of 180 days pursuant to NCZO Section 8107-11.2.3

There are two types of film permits that productions can apply for: over-the-counter ministerial film permits and discretionary film permits which are subject to an environmental review. In non-coastal areas, over-the-counter film permits can be issued for a site to allow a maximum of 90 days of film activity out of 180 days.

Filming Activity – All uses, structures and activities related to the production of motion pictures, television programming music and corporate videos, advertisements, and commercial still photography. Said activities include, but are not limited to, preparation, filming, and strike time, and the ancillary functions accessory thereto. (Non-Coastal Zoning Ordinance definition)

Waivers – signed approval from 50%+1 of impacted residents. The noticing radius from the filming activity to impacted residents is determined by the zoning of the property where filming will take place.
