

Mountain Fire Rebuild Permit Guide

This guide provides detailed descriptions for each stage in the Mountain Fire permitting progress dashboard featured on our website, offering clarity on the rebuilding process for new dwellings.

Total Rebuild Applications: This is the number of applications submitted for complete rebuilds of new dwellings.

Rebuild Application Reviews in Progress: This is the number of rebuild applications that have been submitted but have not yet been issued a permit.

Applications in Plan Check: This is the number of rebuild applications that are currently being reviewed by the Building and Safety plan check team.

Plan Checks Approved, Pending Clearance or Issuance: This is the number of rebuild applications that have been approved by the Building and Safety plan check team, but are still pending other clearance, documentation, or fees prior to permit issuance.

Building Permits Issued: These are the number of rebuild applications that have been issued a permit to start construction.

Construction Completed: These are the number of rebuilds that have completed the inspection process and have been issued a Certificate of Occupancy.
